Chairperson Report

The 2020 year was a remarkable one in so many ways, including for Carringbush Adult Education. Amidst the uncertainty and worry about what lay ahead, our staff, volunteers and all other stakeholders were able to respond creatively, with generosity and an understanding of the unique circumstances we shared.

Our concerns about whether Federal and State Government programs would be funded as learners could not attend in person, were allayed, as responsible Government Departments demonstrated flexibility and understanding in their work with providers, to ensure learners continued to be engaged in a variety of creative ways, such as through hand delivered hard-copy learner packs, zoom classes and the use of WhatsApp.

Serge connecting to his class via zoom

Carringbush was also most appreciative that we were eligible for the Job Keeper program from March to September, providing support and greater certainty of ongoing employment of our staff during that time. This degree of support certainly freed us up to concentrate our efforts on getting the best possible outcomes for our learners and program participants.

Carringbush teachers worked tirelessly throughout the year, trialling innovative teaching and learning approaches in the digital space and as such have been recognised as leaders in the field.

CEO Report

The impacts of Covid have had the most enormous impact on Carringbush Adult Education! However, throughout the year, our dedicated staff members worked tirelessly and creatively to ensure service continuity for our students and program participants.

In order to provide students with remote learning, many things had to happen. We had to swiftly pivot to create and hand deliver hard copy learner packs; teachers needed to be upskilled in order to deliver classes remotely; students required support to build the skills and confidence to use WhatsApp and Zoom; teachers required support to come through a very stressful time

Simpa learning from home during lockdown using booklets developed by her teacher.

The whole team worked really closely and collaboratively, to make the new learning process engaging. We had a wonderful whole-of-school zoom celebration at the end of the year, which was organised by one of our classes as part of their project-based learning, however students demonstrated high levels of engagement all through the year and often in difficult circumstances. Many were trying valiantly to access classes without an adequate device and/or data, so with support from a number of different funding sources we launched our new Devices Lending Library. This continues to be very popular with students and with teachers who can now design more interactive classes.

We are thrilled that the work Carringbush has done in the remote learning space has been recognised as sector-leading and we continue to develop a best-practice model for this in collaboration with Monash University researchers.

We were able to provide support outside the classroom context in so many ways. Many program participants have been supported through our Digital Mentoring program and in partnership with the North Richmond Capacity Building team, started the Yarra Digital Inclusion working group — this work continues in partnership with City of Yarra, Yarra Libraries and NBN Co.

Our Reconnect program supported an additional 15 people and we were delighted to secure Secured a 4 year contract to continue delivering the Reconnect program, now in partnership with CNLC.

In making those assessment, the auditor considers internal control relevant to the Associations preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Australian professional accounting bodies.

Electronic Publication of the Audited Financial Report

If Carringbush Adult Education Inc. intends to electronically present the audited financial report and auditor's report on any internet websites, the responsibility for the electronic presentation of the financial report on the websites is that of the committee. The examination of the controls over the electronic presentation of audited financial reports on websites is beyond the scope of the audit of the financial report.

Opinion

In our opinion, the financial report of Carringbush Adult Education Inc. presents fairly, in all material respects the entity's financial position as at 31st December 2020, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards and the Associations Incorporation Reform Act 2012 and associated Regulations.
